Nonresponsive based on revised scope

Region 3 NPDES Requests Information For Off-site Evaluation Reviews– On July 1 and 2, 2020, Region 3 sent Information Requirement letters to Horizon Land Management in Crofton, MD and Nonresponsive based on revised scope LLC in Charlottesville, VA as part of the NPDES Significant Noncompliance (SNC) National Compliance Initiative (NCI). The Information Requirement Letters seek information related to effluent limit exceedances. The Information Request for Horizon Land Management focused on three facilities located in Anne Arundel County, MD: Boones Mobile Estate Wastewater Treatment Plant, Maryland Manor Mobile Home Park Wastewater Treatment Plant, and Patuxent Mobile Estates Wastewater Treatment Plant. The letters request a response within 30 days. The IRLs were issued under Region 3’s off-site compliance monitoring efforts in lieu of on-site inspections. Physical inspections may occur if additional information is needed and the Covid-19 situation allows (J. Brancho 215-814-2087 for Horizon Land Management; S. Maslowski 215-814-2371 for Nonresponsive based on revised scope LC)
